ROOM 202
PHONE: 737-4100

Mr. Robert R. Westerman
Sanitary Engineer Director
Division of Solid Waste
State Board of Health
Dover, Delaware

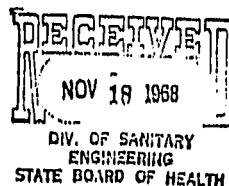

Dear Mr. Westerman:

In reply to your letter of November 8, 1968, to Mr. Charles B. Gurnsey, we would like to note the following:

1. We expect to utilize this site to approximately the middle of December, pending approvals for use of the new site at Tybouts Corner.
2. We are currently in process of securing a rodent and insect eradication contract as outlined in your specifications of October 2, 1968. As soon as the contract is negotiated we will submit the proposed plan of action for your approval. We expect to complete this by December 1, 1968.
3. We will have on duty three (3) qualified refuse inspectors and a refuse supervisor. These persons, will, under the direction and supervision from the County Engineers Office, inspect the landfill after its closing and arrange for correction of all necessary situations. The inspections will be scheduled weekly for the first three months. We will review the situation after this initial period and schedule inspections as required.

Please note, that all responsibilities for the New Castle County Sanitary Landfill as of November 6, 1968 have been transferred from the Department of Development and Licensing to the Department of Public Works. All correspondence should be directed to Mr. George W. Dutcher, Director.

The Department of Development and Licensing retains the licensing functions of the refuse collectors and other related functions concerning solid waste collection and handling outside of the landfill area.

We thank you for your cooperation and please call us if you have any questions in this letter.

Very truly yours,

G.W. Dutcher
Director of Public Works
